NOT ONLY FUN, IT'S REWARDING

Vino Divino School of Wine

is proud to teach the art and science of creating and bottling your very own private-labeled wine.

In just four fun-filled sessions, you along with you family and friends can join in on the amazing experience of making your own "award-winning" wine.

With the assistance of experienced winemakers, we will provide everything you need from the equipment, bottles, labels and tons of expert knowledge to help you create your very own masterpiece.

The winemaking process is completed in four hands-on sessions. The same grapes that are shipped to the finest wineries in the US are now available to you from **California's** renowned appellation of **Lodi, Chile** and now **Italy**.

These grapes are shipped cold to produce wines of exceptional flavor and quality. Some of the grape selections include **Cabernet, Merlot, Pinot Grigio, Chardonnay, Pinot Noir, Zinfandel, Sauvignon Blanc and Grenache**, just to name a few.

Create your own collection or give as a unique gift for the holidays or a one-of-a-kind wedding favor.

Time is running out. So register now for the **December-January Harvest**

AUGUST 2009

JUST LIKE GRANDPA USED TO MAKE

A VINO DIVINO EXCLUSIVE

As promised, we are now able to offer you authentic Italian grapes with which to craft your wine.

Grapes are grown in almost every part of Italy, with more than one million vineyards under cultivation.

But the grapes of Puglia, where our grapes are imported from, are considered by some to be the most flavorful of all.

We're now able to offer a wide variety of grapes such as Merlot, Cabernet Sauvignon, Shiraz, Sangiovese, Trebbiano, Lambrusco and Montepulciano.

In the past, we have made Italian wines from 100% pure Italian grape juice. While this resulted in a delicious, easy-to-drink wine, there's nothing that compares with using the real thing.

Contact the wine school for more information.
